

Motif Wedding Package

The Motif is commonly what we like to call the "Halfway Point" package. This serves well for the bride that has quite a bit of her wedding day planned [or at least decided on] but needs help getting the final plans together, coming up with ideas for things left undone and to tie up the loose ends and make sure the wedding is executed flawlessly.

With The Motif plan, we schedule an initial consultation to review the wedding vision, all the planning that is completed to date, a list of hired vendors, and what is still left to be done so we can create an action plan to meet all the deadlines. We will then schedule a final meeting prior to the rehearsal and/or wedding day to do a walk thru at your wedding and rehearsal sites to confirm all the details and make last minute changes that haven't been done. You have the option to meet two other times if necessary.
